

DUBLIN DONKEY

Dark Horse's take on the Moscow Mule. Plenty of John Powers Irish Whiskey on the rocks, topped off with Gosling's Ginger Beer and a squeezed lime. It'll kick you in the trousers. **8**

MOJITO

Let this blend of Don Q Silver and Limon Rums, fresh aromatic mint, lime, sugar and soda take you to your happy place. **11**

THE WIN, PLACE, SHOW

Square One organic cucumber vodka with a hint of mint and lemon, topped off with lemonade and a splash of soda water. Crushingly drinkable, we'll serve it up by the pint. **13**

DH SINGLE BARREL BROOKLYN

We hand-selected our favorite barrel of Knob Creek Bourbon, bought the whole dang thing. Add a little dry vermouth, Luxardo maraschino cherry liqueur, and a dash of bitters? Perfection. **11**

FRENCH 7TH

Ohh la la, mes amours! Our take on a classic French 75 cocktail. Made with North Shore #6 Gin and Limoncello, shaken and served up, then topped with sparkling wine. Ça te dit? **13**

OLD CUBAN

Matusalem Cuban Rum, fresh mint and lime, a dash of bitters, and sparkling wine. Classic cars and cigars not included. **13**

DAIQUIRI

Don Q and Gosling's Black Seal Rum served with...
Never mind—it's a daiquiri. Umbrella and all. **11**

A STUMBLE & A SMILE

This'll get you through the day. We serve up a generous pour of Powers Irish Whiskey, add Gosling's ginger beer and a bit of fresh squeezed lime, and then—because we care—we top it off with Gosling's Black Seal Rum. Let the good times roll. **11**

BASIL BLOODY

Our classic Bloody made with Square One organic basil vodka. Basil flavors dance with sriracha, fresh lime, olive juice, and Worcestershire. A wonderful new take on an old classic. **11**

BLOODY MOLLY

Here we go. Sometimes you need to either keep it going or shut 'er down. Either way, this Bloody Mary made with Powers Irish Whiskey and our made in house Dark Horse hot sauce will get it done. She's got a kick, but sometimes that's just what you need. **11**

MIMOSA

Ah yes, the staple. The Brunch Savior. It's kinda like drinking, but not really. Who cares if it's early? Have one. Hell, have a few. It's just bubbly and OJ! That's healthy, right? Right! **7**

IRISH PITCH

Mimosa not gonna cut it right now? Ok, we have just the thing. We're pretty much just gonna make a big ol' Johnny Jump Up with Magners Irish Cider and Powers Irish Whiskey, but we'll dump a bit of OJ on top. Totally civilized. **12**
